Lemon Grove Man Cleared In El Cajon Knife Killing

Deputy DA Says Slaying Ruled Self Defense

A Lemon Grove man was cleared of suspicion of murder this week and released from the county jail.

El Cajon police asked for the release after Assistant District Attorney Arthur O'Keefe officially found that Dale Max Jackson, 29, of 2566 Cypress St., Lemon Grove, had acted in self defense when he stabbed Jimmy Hubbard, 22, to death Saturday night in El Cajon.

Police said that Hubbard and Philip Ryder, 22, tried to break into the El Cajon motel apartment in which Jackson was visiting his brother Billy and Billy's wife. In the melee that followed, police said, the Lemon Grove man picked up a paring knife and stabbed wildly at the two invaders, killing Hubbard.

Jackson—whose story, police said, was corroborated by other witnesses—said that he was at the apartment with his brother, Billy's wife Julie and her sister Sharon Hollenbacker, who was babysitting for the Jacksons.

He said that Billy and Julie had just returned from a cafe about 9 p.m. when Hubbard and Ryder tried to force their way into the apartment. Billy told police that while he and Julie were walking from the cafe to the apartment one of the other men had asked:

"Where you going with my woman, man?"

"I told them they were crazy," Billy said, "and that Julie was my wife."

He said the two men followed him and Julie to the apartment and tried to force their way in.

Deputy Dist. Atty. O'Keefe said that Ryder admitted that he, Hubbard and two other men had been "cruising" the El Cajon and El Monte Park areas trying to pick up women. The other two men, he said, separated from them before the fracas.

'No Water Shortage Here,' Irrigation Official Says

Spring Valley and Lemon Grove residents need fear no water shortage this year, Helix Irrigation District official Carl Mehl said this week.

He was, partly, echoing a statement made by Robert B. Diemer, general manager of the Metropolitan Water District, which supplies water to Southern California areas through the Colorado River Aqueduct.

Helix Irrigation District obtains its water from the San Diego County Water Authority, which buys water from MWD for delivery in the San Diego Aqueduct.

Diemer said that despite the record low rainfall this year, there will be no water shortage in the southern part of the state.

In seeking to allay any fears of water rationing because of shortages, Diemer pointed out that during the recently completed fiscal year MWD delivered more than 600,000 acre-feet of Colorado River water to the coastal plain of Southern California.

"This is the largest amount of water the district has delivered in any one year since the aqueduct was placed in operation in 1941, and by early next year we will be able to deliver double that amount or more than one billion gallons of water a day," the MWD official declared.

He said that the increased deliveries will be made possible by the $200 million aqueduct expansion program started by the district in 1952 and scheduled for completion early in 1960.

"This work will bring the Colorado River Aqueduct to its full planned delivery capacity and will enable us to meet the increasing water needs of our people for the next 15 years," Diemer stated.

He pointed out the the Metropolitan Water District extends into the five counties of Los Angeles, Orange, Riverside, San Bernardino and San Diego and includes approximately one-half of the population and assessed valuation of the entire state. This

'Growth is Coming,' Chamber Man Says

"Tremendous growth is going to come to Lemon Grove," an El Centro Chamber of Commerce man told the Men's Club last Friday.

"I'd recommend that you be ready for it."

William G. Duflock, manager of the El Centro chamber, told Men's Club members how the Chamber of Commerce works in his desert agricultural community.

"Our interest as an area is primarily agricultural," he said, "but we have the same kind of problems in our business district that you have."

He went on to detail the methods used by his office to help promote community sales events and community projects like Christmas parades.

And he stressed that one of the most valuable aids to the Chamber work is the cooperation of the city council.

"That gives you one problem that we don't have," he said, "because you aren't an incorporated city and you, therefore don't have a city council."

Duflock, a veteran of nearly 14 years as a Chamber of Commerce manager, has presided at many sessions of "institutes" for chamber managers and has helped many such managers solve problems in their communities. He offered the continued assistance of his office in cooperation with the Lemon Grove Chamber of Commerce.

—O—

David K. Speer, County Road Commissioner, will address the Men's Club this Friday.

He is scheduled to talk about the County's "Belt Line" highway system and to discuss plans for the improvement of Broadway in Lemon Grove.

Any male member of the community is invited to attend any meeting of the Men's Club.

—O—

He said that a Chamber of Commerce should be "the voice of the community" and urged that all businessmen join in accomplishing this.

"The Chamber should be made up of the strong men of the community," he said.

Youth Overcome By Gas Fighting Kitchen Fire

An 18-year-old Lemon Grove youth was overcome by gas last Thursday when he rushed into the kitchen of his home to put out a fire that had started at a defective flexible gas line on a stove.

The youth, Victor Berggren of 7399 Waite Dr., managed to extinguish the fire before it damaged the house, then was engulfed by the gas which was flowing from the pipe.

He staggered through the house and onto the front lawn, where he collapsed, unconscious.

His father, Okie Berggren, a fisherman, shut the gas off at the meter as firemen arrived with a resuscitator. They covered the youth with coats and blankets and administered oxygen as Victor lay on the lawn —surrounded by a score or more of curious onlookers.

A doctor who examined him later, said that Victor apparently suffered no permanent ill effects.

School Teachers Accused of Hurting Private Business

The Grossmont High School District board of trustees moved this week to "correct a situation involving practices of high school music teachers" following the the filing of complaints at Monday's board meeting by two private music teachers.

Garth Cashion, 8329 Broadway, Lemon Grove, and Roy Rockwell, El Cajon operator of a music studio, made the complaints before the trustees.

They charged that high school music teachers, particularly Benton Mnior of El Cajon Valley High School, had "adversely evaluated" their instruction and that this "evaluation" had caused them to lose students from their studios.

Other music teachers were said to have accepted commissions or gratuities from music stores when they referred students to the stores for the purchase of musical instruments.

It was pointed out that these were private students which the high school teachers were instructing as a sideline and were not connected in any with high school classes.

Lewis Smith, superintendent of schools, said that payments often are made by music stores to private teachers whose students buy instruments from them.

"Payments of this kind are not illegal," Smith said, "if they do not involve school business—but they might be considered improper under a school regulation which states that no teacher may use his position in the school for private gain."

Smith added that the situation is "one that needs correction" and said that the school board is "determined that we will not adversely affect any private business."

Joel Artavia, left, presents Rotary Club pennants from Central America to Rolla Hamilton, president of the Lemon Grove Rotary Club. Artavia recently returned from goodwill trip to southern countries.

The Dimmer View

by MAX GOODWIN

Joel Artavia, a Lemon Grove building contractor, has just returned from a three-weeks tour of five Central American countries spreading Americanism.

This rather unusual distinction comes in a day and age when most of the reports we hear relate to our foreign aid program which apparently is tailored to spread dollars and discontent.

Artavia is an effervescent sort of guy whom you would expect to be one of the officials of the local Rotary Club. Matter of fact, he is the Lemon Grove club's secretary.

One of Artavia's stops was in San Jose, Costa Rica, where he was born. He was given an audience with Mario Echandi, the vigorously democratic president. President Echandi sent greetings to the people of this community through Artavia, and the two men held a "little summit" meeting.

Artavia discussed in Costa Rica and elsewhere the need for a better understanding between people as a bulwark against Communism. That this is an urgent need was proven 'when many Central American leaders, most of whom should have known better, suggested to Artavia that the Little Rock affair is a general condition throughout America, and that U.S. effort to help Central America become more industrialized and self-supporting, was a plan for milking their economy.

So Artavia used every opportunity to "build a bridge of better understanding between these people and us." He made speeches at Rotary clubs in every country he visited. He made it a point to meet with officials whenever possible and discuss with them Rotary's famed Four Way Test. The test is simple and effective: 1. Is it the truth? 2. Is it fair to all concerned? 3. Will it build goodwill, and better friendship? and 4. Will it be beneficial to all concerned?

So impressed were the persons with whom he discussed the Test that the local Rotary club's major project for the year 1959-60, under presiding officer Rolla Hamilton, will be that of putting the Test into practice locally.

What a wonderful community we can have when everyone is able to truthfully answer "yes" to the four questions posed in the test.

Try it yourself for a day and see what happens.

—O—

Confusion seems to have reared its ugly head again regarding the status of Broadway improvement, but this need not be.

Actually, nothing has changed for the past two years, and we have the word of Mr. David Speer, San Diego County's new surveyor and road commissioner, for it.

Speer says the County is going to improve Broadway in two sections. From College to Olive the County will acquire a 100 foot right of way and pay owners for the property they take. In the 100 foot right of way will be laid two 34-foot roads and an 18

(Continued on page 2)

Coach Launches Football Season At Mt. Miguel

Declaring that "Championships are determined during the pre-season conditioning," Coach Tom Welbaum this week launched the 1959 football season at Mt. Miguel High School.

He urged that all prospective members of the football team begin getting into condition by "one hour of wind sprints each night" to produce a winning team.

One hundred fifty Mt. Miguel students will try for places on the three teams, Welbaum said, and 45 will be selected for the varsity team, 30 for the junior varsity and 50 for the freshman team.

Letters were mailed out this week to all prospective football players, advising them of the requirements for participation in the program—including permission cards, training pledges, insurance, student body cards, physical examinations, and securing of uniforms.

"Conditioning and training determine the difference between winning or losing," Coach Welbaum said, "and since the league is well balanced this year, we want to be in the best shape.

"We will play Helix in the Carnival (on Sept. 25) then eight league games — with Escondido, Sweetwater, Chula Vista, Grossmont, Hilltop, El Capitan, El Cajon and Helix."

Coaches will be: Varsity—Tom Welbaum and Harry Johnston; Junior Varsity—Walt Gehrke and Dich McMinn; Frosh—Hal Crow and George Benson.

$700 Stolen From Dial Drug Store

Seven hundred dollars in small bills was taken from the office of Dial Drug Store at 7961 Broadway in Lemon Grove last Sunday while a clerk in the money order booth was waiting on a customer sheriff's deputies said this week.

Mrs. Ruth Nelson, the teller, said that she discovered the loss about 10 a.m. Missing were 100 $1 bills and $600 in $20's, $10's and 5's, she said.

LG School Board Puts 'Chill' on Air Conditioner

If the Lemon Grove Education Center is to enjoy air conditioning, it will have to come from the chilly reception given the request for a $1,200 refrigeration plant Monday night by the Lemon Grove School District governing board.

Superintendent Byron Netzley said such a plant would add to the comfort and efficiency of the administrative staff. Trustee Harry Buckner said it would be less expensive for taxpayers to close the office the "few hot summer afternoons" in Lemon Grove each year. Board president Bert Cosby asked for a list of other district offices where air conditioning was installed in the interest of school district harmony.

"In El Cajon," replied Netzley, who then winced as he realized that El Cajon district has been plagued by troubles more than all the other districts put together.

The annual budget hearing set for 8 p.m. so that a citizen might question or protest this year's two-and-a-half-million dollar budget did not attract a single, solitary person.

Netzley reiterated his estimate that the elementary school tax rate would go down two cents for each $100 assessed valuation. The new rate should be $2.35, he said. Reduction is due to an increased tax base, he pointed out.

The budget, by general classification, is: general, $1,566,000; bonds and interest repayment, $107,000; building fund, $46,600; state school fund, $503,000, and cafeteria fund, $148,800.

The board also approved the site improvement at Vista La Mesa School. The east five acres will be graded and filled to provide additional playgrounds and parking at a cost of $30,000.

Contracts were signed for the construction of the Mt. Vernon School. Work is scheduled to begin Monday. The school will open in February.

College Grove To Spend $400,000 To Improve Roads

Work will begin Friday on construction of over three-fourths of a mile of four-lane roadway to be built by College Grove Shopping center around the 70-acre shopping facility now being built at the intersection of College Avenue and Freeway 94 in East San Diego.

According to Mervin L. Blum, general manager of College Grove, the $400,000 street-building project will involve the widenening and repaving of 1,000 feet of heavily-traveled College Avenue where it passes the College Grove site, the building of 2,600 feet of four-lane roadway on Ryan Road where it goes through the shopping center grounds, and the paving of a 450-foot access road (Ryan Way) that curves into Freeway 94.

Blum emphasized that the entire job is to be done and paid for by College Grove Center. There is no expense to San Diego's taxpayers. He said estimated completion time of the entire project is March 1960.

House Sold For $2

Want to sell a house . . . or a harmonica?

You can do it quickly and inexpensively if you follow the recommendation of Mrs. Joe Huber of 7561 Roosevelt St., Lemon Grove.

Mrs. Huber listed her house in the classified (want-ad) section of this newspaper. It ran two weeks. One of the families that came to see the house decided it was just about the right size, shape and price for them . . . so they bought it.

Total costs for seller meeting buyer? . . . less than $2.

You can sell your house, or a harmonica, or anything of value quickly, inexpensively through our classified advertising section.

Call HOpkins 9-0101 today and a courteous ad taker will help you.

You can say "charge it," too.

Taxpayers Group To Hear County Welfare Head

Homer Detrich, director of the County Welfare Department, will be speaker Monday night at the Lemon Grove Taxpayers' Association regular monthly meeting.

The meeting will be held in the auditorium of the Lemon Grove junior high school at 7 p.m. according to Milt Lear, president of the group. The meeting will terminate promptly at 9:30 p.m.

Lear said a series of meetings are being set up in which county officials will report on the fiscal aspects of their individual departments. He said this would give Association members first-hand knowledge of the purpose to which their tax money is being put.

Meetings are open to all interested citizens, he said.

Mt. Miguel Boosters Schedule Talent Show

Auditions have been scheduled for 7:30 p.m. Tuesday at Mt. Miguel High School for a talent show which will be staged a week later.

Sponsored by the Mt. Miguel Boosters Club, the talent show is being staged as a move to raise money for lights and bleachers at the high school athletic field. Mrs. Anita McAbee is in charge of the show.

She said this week that the winners of the Tuesday night auditions will star in the talent show, to be staged in the Bostonia Ballroom at 7:30 p.m. August 18. A dance, to the music of Eddy Snyder and the Hi Lights, will follow the talent show.

Mrs. McAbee said that Smokey Rogers of the Valley Music Store in El Cajon has donated the use of the ballroom and the Hi Lights have donated their services in providing the music. Marines in dress blue uniforms will act as ushers, she said.

Anyone between the ages of 10 and 22 is eligible to audition, Mrs. McAbee said.

Proceeds from the sale of tickets to the talent show and dance are to be used to add to the fund being raised by the Boosters Club for lights and bleachers at the athletic field. Ground was broken recently for light poles, but $4,000 still is needed for the lights—plus a similar amount for bleachers.

LIONS PROJECT — Miss Judy Rank, Emmett Marshall and Charles Montgomery discuss new trash receptacle which, along with nine others, will appear on the streets of Lemon Grove this week. Marshall and Montgomery are in the picture because they are heads of the Lions Club committee which is selling advertising on the sides of the receptacles to raise funds for youth work. Miss Rank is in the picture because she is a pretty girl and people are more likely to look at a picture of a trash can if there is a pretty girl in the picture too.

'No Shortage Of Water,' Official Says

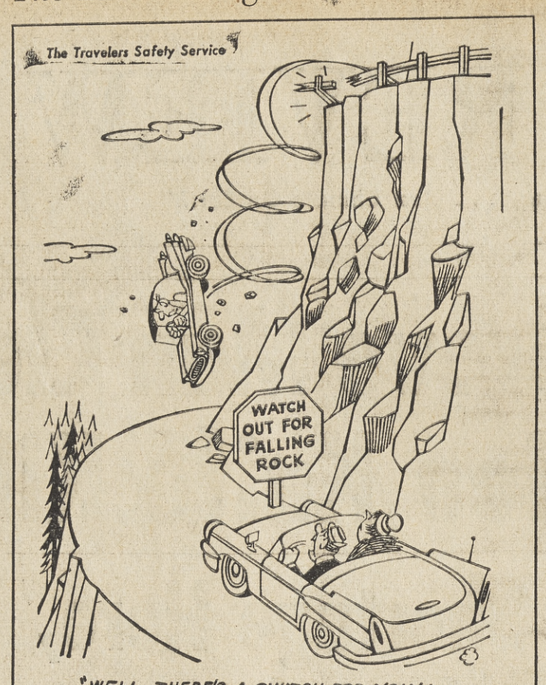

(Continued)

means a population of more than seven million and an assessed valuation in excess of $12 billion. It is comprised of the 13 original cities that started the aqueduct project in 1932, nine municipal water districts and San Diego County Water Authority.

The water executive stated that when the aqueduct is brought to its full planned capacity there will be a number of years when large quantities of water will be available to be used to replenish underground basins which have been badly depleted by overpumping, and he urged that this available water be stored underground to raise Southern California underground water levels.

High School Board Okays $5,840,985 Budget for Year

The Grossmont Union High School District board of trustees on Monday adopted the budget for 1959-60 which provides for expenditures in the amount of $5,840,935.

This is an increase of $1,442,562 over the budget for 1958-59. The increase was explained by Associate Superintendent Harold G. Hughes as due to 5 per cent increase in salaries, an enrollment increase of an estimated 1,5000 students and additional personnel and equipment for the new El Capitan High School.

The revenue estimates disclosed a beginning balance of $669,161, $181,744 from federal funds, $2,890,405 from state apportionments and $2,099,675 from local taxation. The budget will require an estimated operating tax levy of $1.25.

The portion of the budget financed from local funds is 41 per cent as contrasted with 49 per cent last year. Per pupil costs for the Grossmont Union High School District are estimated at $468 compared with an estimated state average of $540 and last year's figure of $414 for the Grossmont District compared with $509 estimated for the state.

FIRST SUBMARINE

During the Civil War, the Federal Navy paid a Frenchman $10,000 to build a submarine to sink the Confederate iron-clad Merrimac. But when a naval officer arrived to take command of the finished vessel, the inventor had disappeared (with his $10,000).

The Dimmer VIEW

(Continued)

foot center island. The rest will be for parallel parking.

Property owners will be paid a fair price for the right of way the county needs as is being done on Imperial Avenue where the road is similarly being improved. According to James Finch, county right of way chief agent a maximum of $1 a square foot was paid for property south of Broadway and $1.50 a square foot maximum for property north of Broadway. Just for the record, Imperial will have 18 foot center islands, too.

From Olive, east to Kempf, a road improvement district is being formed. Here the right of way will be 150 feet in width. The county will not pay for any of the right of way. Property owners will deed the needed property to the county for parking and will pay the county for improving all over 100 feet.

But the Olive to Kempf area will not have center islands. Because of the additional 50 feet of public space, the need for center island traffic storage is reduced.

A petition has been given the county road department by land owners of west Broadway asking for the islands to be eliminated and for payment for the land taken by the county.

Only the board of supervisors may order center islands eliminated and they are already on record favoring them as necessary safety features in rights of way not over 100 feet wide.

This information is repetitious. We supplied it several times during the past several years. We feel it appropriate to offer it again to help clear up fuzzy thinking and misinformation arising from two years of bickering about the improvement.

—o—

Every three months the State Board of Equalization submits its report of distribution of local sales and use tax returns to the 299 California cities eligible to subscribe to the board's collection services.

The report makes us drool because the money is returned to each of the 299 communities just for being incorporated . . . nothing more. Of course the money was collected in these communities, the same as it is here.

The rest of the sales and use tax monies collected within counties is returned to the county from which it comes. Communities such as this, almost urban, with a certain level of services being provided by the county, should expect to see the bulk of the county-returned funds used for newly-formed communities, and communities just beginning to take on a sense of entity. This is fine, except we are sharing funds over the entire unincorporated county which might be used for needs tailored to this community.

How much money does it amount to?

The Board of Equalization lists nine incorporated cities in this area entitled to refunds. Here they are and the amount they are being paid during the first months of the fiscal year:

Carlsbad (The City they said would fail)$44,800;
Chula Vista (Their mayor said we ought to get on with the incorporation)$569,000;
Coronado (Another mayor who says "do it")$117,000;
El Cajon (Good self-rule)$518,000;
Escondido (Thriving corporate entity)$334,000;
Imperial Beach (Another new city "cutting the mustard")$49,000;
La Mesa (Closest in size and geography)$311,000;
National City (Sound, good government)$576,000;
Oceanside (About the same population as La Mesa) ..$348,000;

Best estimates are that the Lemon Grove-Spring Valley area, as an incorporated community, would be receiving more than a half-million dollars a year for local use.

A half million bucks buys a heap of services.

☆ The Naval Ordnance Laboratory, Silver Springs, Md., employs 3,000 persons to develop, evaluate and improve new weapons for the United States Fleet. Of these 1,000 are college graduated engineers and scientists.

Engineer Given OK For Synopsis of Study On Joint Filter Plant

John Longwell, San Francisco water facilities engineer, was authorized this week to draw up a synopsis of questions that must be answered before a study can be made of the feasibility of building a filtration plant to "clean up" water being delivered to Helix Irrigation District and the Otay, La Presa and Rio San Diego municipal water districts.

proposal was made last week by Charles Price, chairman of the Rio board, that the various agencies join in building the plant in Slaughterhouse Canyon northwest of Lakeside.

Helix directors this Tuesday told Longwell to figure out what information he will need before a study can be made of the proposal.

William Womak Dies Following Year of Illness

William E. Womack, 67, of 2642 Bonita Street, Lemon Grove, died Friday at Sharp Memorial Hospital following surgery. He had been ill about a year.

He retired from work as a crane operator at Naval Air Station a little more than two years ago, and became ill a year ago.

Womack lived in San Diego county 16 years and in the state 42 years. He was a member of the Baptist church in Norman, Okla.

Funeral services were held Tuesday at Mt. Hope Cemetery.

He is survived by his wife, Lucy; three sons: James A. of San Diego; William Jr. of Lemon Grove and Gordon of Long Beach, and a daughter, Mrs. Critetta Ikler who is in Japan.

Scout News

It's not too late for Cub Scouts, Boy Scouts and Explorers to learn how to swim or improve their swimming this summer at Balboa Camp pool, according to a recent report from the San Diego Scout Council.

Here is what it takes:

1) A desire on the part of the Den Mother, Scoutmaster or Explorer Advisor to be of service to their boys.

2) A contact to each boy to tell him the story and find out what he wants to do.

3) Sign up at Scout headquarters.

The present course started August 4 and will continue through the 18th.

A "Navy Career Day" for Explorers is being planned for August 28 by the Council Explorer Cabinet. It will be held at the Naval Training Center.

Many outstanding features including a tour of an aircraft carrier and a jet scramble, will make up the program for the event designed to explore the many career possibilities of the Navy.

Troop 108 of the First Congregational Church of Lemon Grove honored a host of boys recently at a Court of Honor in the church basement.

The first thing on the program was the flag ceremony done by Bill Skinner, Robb MacMillen, David Thomas and Steve Hoffman. Members of the staff were Robb MacMillen, Bill Skinner and Richard Ridenour.

Immediately following the flag presentation was the invocational prayer, led by Chaplain Richard Ridenour.

The Reverend J. Phillip Bartlett, from the St. Philips Episcopal Church here, was introduced by Cecil Skinner, and conducted the special troop ceremony for Richard Ridenour recent receiver of the Episcopal Church God and Country award. Reverend Bartlett told some of the things a Scout has to do to receive this award, such as work around the church, knowledge of the World and National Council of Churches, a visit to the local Council and memory work.

Then Mr. Skinner introduced Mr. Ray Heiserman, who presented the troop charter to the boys. Mr. Heiserman called on Donald Burnworth, former Scoutmaster, to step forward. There Mr. Burnworth received a plaque for his work in Scouting, and the chance to present other things to the troop. He presented the 100 percent banner and the Boy's Life patch to the new Scoutmaster, Mr. Cliff Gomes.

Burnworth then presented awards to the boys. Fred White had earned his tenderfoot award, but was not present to receive it. Other awards went to Sandy Finkleman, of the Faming Arrow patrol and Eddie White of Rattlesnake (Eddie was absent too. Those boys received Second Class awards. The troop had no First Class awards to present. Richard Ridenour received his Star rank.

Mr. Millard F. McKinney was then called upon to make the presentations of the merit badges. Cooking Merit badges went to Robb MacMillen and Richard Ridenour. One of our Scouts, Bill Skinner, received the Animal Industry merit badge. A Pigeon Raising badge went to Scout David Thomas. Stamp Collecting and Safety merit badges also went to Bill Skinner, who now has 11 merit badges. Richard Ridenour received his Home Repairs badge.

Mr. McKinney also presented the year pins. As he said, a Scout must come to the meetings, not just join and come a year later to receive his pin. One year pins went to Sandy Finkleman, Frank Langer, Gary Didick, and Eddie White. A special presentation was given Sandy Finkleman, because he was overlooked on the list. Second year pins went to Pete McKinney, Robb MacMillen, David Thomas and Richard Ridenour.

The awards over, the boys left for outside while Mr. Gomes talked over with the parents the participation particle, and the articles which the troop will stress during the next year.

The meeting was called back to order, Richard Ridenour was officially named Senior Patrol Leader succeeding Ronnie Tenison, who is now the Junior Assistant Scoutmaster.

LM-SV Schools Approve Budget Of $4,792,748

The La Mesa-Spring Valley School District board of trustees on Monday night approved the 1959-60 budget of $4,789,375. This is $5,373 less than the estimated amount of $4,792,748.

All 14 items included in the budget were shaded in order to reach the established amount. The budget will take care of the estimated enrollment for the 1959-60 school year of 11,502, an increase of 22 per cent over last year, which showed an enrollment of 9,426. The total budget for the 1958-59 school year was $3,456,279.

Cub Scout Pack 325 recently held a family picnic at Felicita Park near Escondido, in place of its regular meeting. A short pack meeting and community denner were followed by games for the children. Gary oCnes and John Wolf won the sack race and Rickey Powers and Dennis Wagner placed second. Roy Harmon and Howard Kada won the boys' three-legged race. Gary Cones and Greg Gardner won second place in the tag race.

In the girls division Sally and Janet Kada won the sack race and Shirley Gardner and Sharon Cones won the three-legged race with Sally Kehrenberg and Naomi Kada placing second.

In the latter part of July the pack held a campout in the Laguna mountains. Twenty boys and seven men attended. Men attending were Cubmaster Roy Cones, assistant Cubmaster Luke Blevins, assistant Cubmaster Bill Bates and committeemen Harold Wagnor, Dan Hartnett, Jim Carroll and Jack Parker.

A campfire meeting was held on the Saturday night, at which time Howard Kada received his Denner stripes; Roy Harmon his assistant Denner's strip; Norman Hartnett, his three Silver Arrows. Also Cubmaster Roy Cones was given his Bobcat pin and one year pin.

A "tall tales" contest was held with Cubmaster Roy Cones winning the "World's Greatest Liar" award.

LAWN MOTH

Proper timing is the most important factor in getting rid of Lawn Moth.

When you see the moths flying, they are laying their eggs. It would be useless to treat your lawn then because you would not kill either the moths or the eggs. You must wait for a week or 10 days, sometimes two weeks. But no one can tell you exactly how long.

You can only ascertain it by watching for the first appearance of damage or for the sod web worms to appear. When there are worms there, a little pyrethrum dust scattered over a small portion of the lawn and washed in will bring them to the surface. But the important thing is to assure yourself that the worms are hatching before you spend any money to try to kill them.

There are several products effective against sod web worm. I personally like a combination of copper-ether because it is excellent for your lawn. By using such a product you will have a lawn again.

This is the time of year when you hear much about leaves of shrubs and plants being punctured with holes.

If those leaves stay on the bush, even after they are punctured and defaced, you can be pretty certain that the damage is being done by some insect, usually worm or beetle variety.

☆ No matter the price of any product, there will be smart traders who want to buy it at a reduced price.

Salary Increases Approved for High School Teachers

The Grossmont Union High School District board of trustees, following a budget hearing meeting, approved a teachers' salary schedule starting at $5,000 with a maximum of $9,290.

Superintendent Lewis F. Smith indicated that while further "improvements" in salary schedules for teachers were desirable, the adopted schedule will be the highest in San Diego County and among the better schedules throughout the state. Smith said that the quality of the educational program desired by the people in the community must be reflected in the salary schedule in order to attract and retain competent teaching personnel who are essential to insure high standards. The amount of the salary increase was approximately 5.2 per cent.

Pacific Southwest Swimming Meet Set In National City

The Pacific Southwest AAU diving and swimming championships will be held in the San Diego area Saturday, August 29, and Sunday, August 30, according to an announcement by the Coronado recreation department.

The diving competition will be held at the National City Municipal pool from 9 to 11 on Saturday.

Preliminaries in the swimming meet will start at 9 a.m. Sunday at the Coronado municipal pool, with finals beginning at 3 p.m. The senior meet is open to divers and swimmers 12 and over and is expected to attract several hundred entrants from San Diego and Imperial counties.

BOWLERO COMING TO LEMON GROVE

NEW $2,000,000 LEMON GROVE BOWLERO OPENING SOON

56-LANE MISSION VALLEY BOWLERO IN SAN DIEGO

Lemon Grove Selection Based Upon Big Growth

The selection of Lemon Grove as the site for the nation's fourth Bowlero was based upon extensive survey which confirmed what Lemon Grove residents have known for quite a time — they live in one of the most dynamic and fastest growing areas of the United States.

Jack H. Skirball, president of the Bowlero organization which plans an about September 1st opening for its 40-lane bowling center at 7065 Broadway, said his group had researched Lemon Grove for almost a year before the opportunity of becoming a part of the community arose.

"We're extremely happy to be in Lemon Grove."

Skirball and his brother William, also an officer of the Bowlero organization, have been active in the entertainment industry for more than 25 years. Their interests include the Skirball Brothers theater chain and Skirball Productions, an independent film production organization headquartered on the TCF Television lot in Hollywood.

The Bowlero organization includes some of the nation's outstanding entertainment and bowling figures. C. V. "Tommy" Thompson, for 20 years one of Sounthern California's leading bowling operators, is western general manager while Fred Schmidt Jr., who with his father perfected one of the first automatic pin-spotting devices, is eastern manager.

Bowlero 4th In Nation

What is Bowlero?

Under the heading "A New Luxury World of Bowling," Life Magazine last year singled out Bowlero with three and a half pages of pictures and text.

Bowlero is bowling at its finest—an organization that is marked by the most modern bowling centers in Lemon Grove and three other American communities.

All Bowleros are marked by the "extra touches" of quality and convenience. The first Bowlero was built in Clifton, N.J., and carries the name New Jersey Bowlero. Then came the 56-lane Mission Valley Bowlero in San Diego.

To this list will be added the new Phoenix Bowlero at Maryvale Shopping City, and the Lemon Grove Bowlero, at 7065 Broadway, Lemon Grove.

The Bowlero operations represent total investments of more than $7,000,000.

As Life Magazine said: "The American bowling alley once stuck shamefacedly in a backstreet basement, has acquired a stunning elegance and has bloomed into an all-purpose pleasure palace ofering a variety in enter tainment and luxury."

And Bowlero means bowling at its finest.

$2 Million Lanes Open Here Soon

"A New World of Entertainment" for every member of the family comes to Lemon Grove with the about September 1 grand opening of the glamorous new 40-lane Lemon Grove Bowlero at 7065 Broadway, near College Avenue.

"Bowlero spells bowling for every member of the family," C. V. "Tommy" Thompson, general manager of California and Arizona installations, declared yetserday. "And we'll have a program for everyone — mom, dad, the youngsters and even grandma and grandpa — in the comfortable surroundings that have become a trademarke of Bowlero."

The Lemon Grove Bowlero is the fourth in an organization that was featured last year by Life Magazine for its concept of "The new Luxury World of Bowling." Other Bowlero bowling centers are located in Clifton, N.J., Mission Valley in San Diego and Phoenix, Ariz.

League and open bowlers will be welcomed by a host of "flrsts" and the finest in Brunswick automatic equipment when Bowlero opens its doors this month.

For the evening league and "open" bowler there will be the most modern Brunswick equipment, meeting rooms, players benches, food and beverage service and, of course, refrigerated air conditioning.

In the daytime Bowlero will roll out the red carpet to the ladies with Homemaker and Young Mothers lesson programs and leagues which will include the baby-sitting facilities of a tastefully designed indoor - outdoor play area for the youngsters.

Thompson already has announced plans for the Bowlero School of Bowling which will offer FREE instruction classes for the ladies.

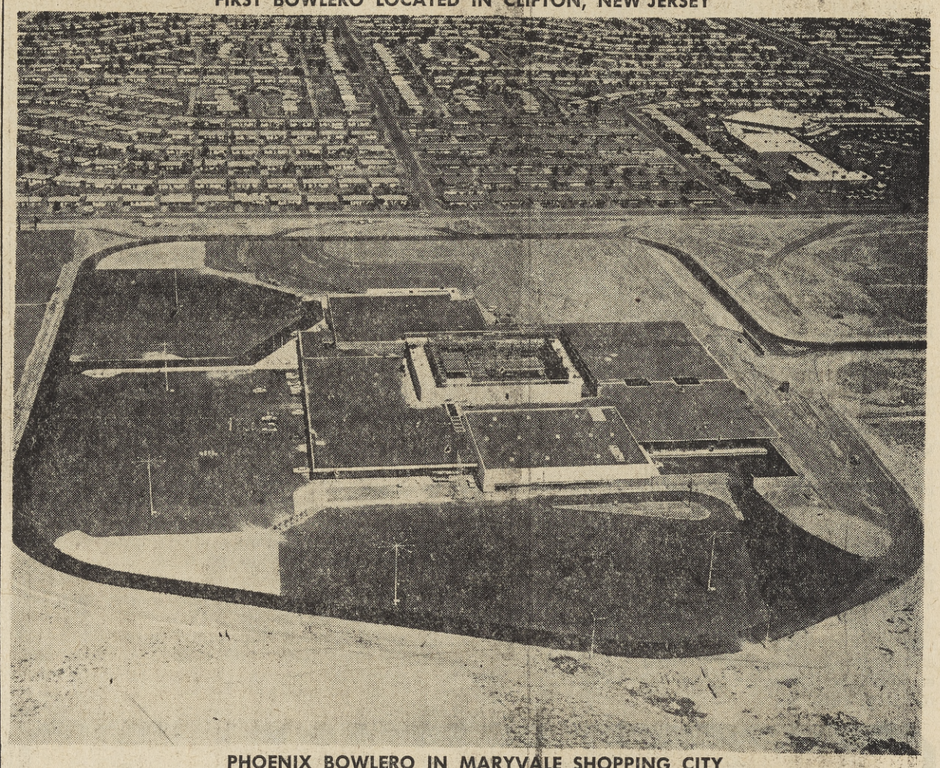

On Saturday mornings and on week-day afternoons, the Bowlero Junior Bowlers' program will be featured. Special prices and programs will be arranged for the youngsters.

"An expert staff of instructors will be available every day," Thompson promises. "Our specially designed public address system will help us teach the free Bowlero School of Bowling Clases with a minimum of confusion and a maximum of fun for everyone."

"We have just one goal," Thompson declared. "We're going to make bowling cool fun for everyone. Day, night, swingshift leagues or open bowling, Bowlero will do everything possible to make this great entertainment recreation even more enjoyable for our neighbors in Lemon Grove, La Mesa and surrounding areas.

FIRST BOWLERO LOCATED IN CLIFTON, NEW JERSEY

PHOENIX BOWLERO IN MARYVALE SHOPPING CITY

Bowlero Has Everything; Automation, Baby Sitters

Everything from automatic pinsetters to baby-sitting service for mothers will be offered when Lemon Grove Bowlero opens August 23rd.

C. V. Thompson, California & Arizona Gen. Manager of the new 40-lane Bowling center, said interior decorating and installation of Brunswick equipment is nearing completion.

Plans are underway to provide several outstanding attractions at the grand opening, to be announced soon.

Lemon Grove's newest recreation facility will provide bowlers in this area with the most modern equipment available including Brunswick Automatic Pinsetters, Tel-E-Fouls, Subway Ball returns and Tel-E-Scores.

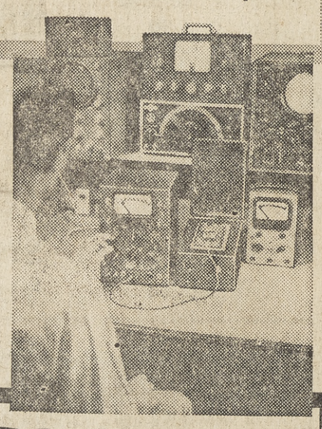

"We are installing the complete line of Brunswick equipment," Thompson said, "to enable Lemon Grove bowlers to enjoy their sport under the finest conditions available."

The $2,000,000 recreation center nearing completion at Lemon Grove also will feature a supervised indoor-outdoor playroom for use by the children of bowling mothers.

Additional facilities of Bowlero will include locker rooms, league meeting room, cocktail lounge, restaurant and pro shop for custom fitting Brunswick equipment to individual bowlers.

WOMEN LEARN BOWLING FREE

Something For Girls Featured

There will be something — something very special — for the girls when the luxurious new 40-lane Lemon Grove Bowlero opens soon at 7065 Broadway, near College Ave.

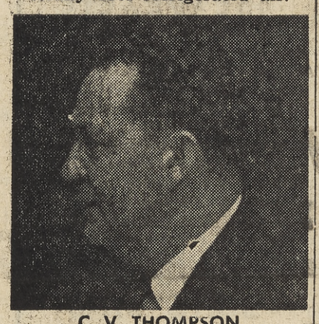

It's the Bowlero School of Bowling, an ALL-FREE program that will help you and your neighbors get into the swing of the most-fun recreation to chase away those daytime blues.

The Bowlero School of Bowling will ofer free class instruction every day and all you have to do to enroll is to fill out the Bowlero School of Bowling coupon on this page. By yourself, or with neighbors or friends, you'll discover the cool and pleasant way to spend a day.

And look what Bowlero has to offer:

Baby-sitting for your youngsters in a sparkling indoor-outdoor children's play area.

Really cool refrigerated air.

C. V. THOMPSON
Bowlero Gen. Manager

Shoes and ball for class instruction.

Expert instruction . . . makes bowling easy to learn.

You'll have to see Bowlero to believe how beautiful, convenient and wall-appointed a bowling center can be. It will be THE PLACE to meet your neighbors or friends for recreation, relaxation or luncheon break in the moderately priced Bowlero Buffeteria and the adjoining Lantern Inn.

Women Find Bowling Easy To Master

Bowling is easy to learn!

Most women who've taken advantage of learning the sport have discovered it isn't a highly technical recreation.

It does require a certain amount of grace and co-ordination, but these come naturally to anyone who has danced or even just plain walked!

THE NEW RECREATION FOR WOMEN — bowling — finds devotees in all ages. It's easy to learn — and more fun than ever at the soon-to-open Lemon Grove Bowlero.

Look What Bowling Does

There are many reasons why bowling at Lemon Grove Bowlero is something for the girls.

Bowling is a graceful, rythmical sport. A fun sport that's not strenuous yet so good for the figure. It also is beneficial to physical health. Bowling stimulates the blood circulation, puts "snap" into muscle response, eliminates bulges by proper muscle control, fills the whole body with renewed energy.

Because it is so simple to learn, the popularity of the game is ever increasing. Almost anyone — any age — can make real progress with a little instruction.

You can keep trim, feel young while having fun . . . by bowling often alone, with family or with friends at Bowlero.

And while you do, you can get rid of calories. The American Medical Association reports that you cannot rub off fat with massage roll it off by machine, or boil it off in a steam bath.

Harvard University research has proved that increased activity doesn't increase the amount of food eaten. They also proved that people who are active can eat more without gaining weight than people who live leisurely.

ACTIVITY	Calorie Cost per Minute
Swimming	10.6
Bowling	7.1
Rowing	7.0
Tennis	6.1
Mopping floor	4.7
Making bed	4.6
Dancing	3.5
Badminton	3.3
Washing Clothes (light hand type)	2.6
Standing (light activity)	2.5
Sitting	1.2

LEAGUE BOWLERS HAPPY . . .

League bowling will be better than ever in Lemon Grove with the opening of the beautifu new 40-Lane Bowlero at 7065 Broadway.

Bowlero's "2-C Plan" for all league bowlers — courtesy and convenience — is the reason.

The Bowlero management's successful experience in catering to the smallest details will insure the "happiest leagues in Lemon Grove."

The Bowlero operation knows what bowlers want and will provide it for them in the surroundings of one of the most striking bowling centers in the nation.

Although many leagues already have been organized for the coming season at Bowlero, there are still some choice times available for leagues, teams and individuals.

And Bowlero's staff is ready to assist with any phase of league or team organization.

For more information on organizing a league or team—or obtaining a place on a squad—interested bowlers are invited to contact Ken Caldwell at HO 3-6691 or fill out the for on this page.

Bowling, Good Food Just Go Together

Bowling and good food expertly prepared, quickly served and moderately priced — just naturally go together.

And to satisfy the bowlers' and shoppers' appetite at Lemon Grove, Bowlero has carefully planned the Bowlero Buffeteria, and the adjoining glamorous Lantern Inn.

Lemon Grove Bowlero will offer more than a bowling center coffee shop. It will provide service for the concourse, and comfortable buffeteria seating and will offer a tempting daily menu featuring hot entrees as well as salads and sandwiches.

Additional fine food and cocktails will be featured in the Lantern Inn. A sneak preview of the Lantern Inn indicates it is destined to become the talk of Lemon Grove.

In addition to dinner and luncheon, Lemon Grove Bowlero will cater to luncheon and dinner clubs and other organizations in two banquet rooms with seating capacity of up to 100.

Jamboree Will Offer $150,000 in Prizes

Bowlero and Brunswick will present Something for the Girls—a $150,000.00 jamboree—soon after the fully air-conditioned, comfortable 40-lane Lemon Grove Bowlero opens about September 1 at 7065 Broadway

There will be nothing to buy, nothing to solve, nothing to write but your name and address—for the opportunity of sharing in the $150,000.00 jamboree with more than 5000 breath-taking prizes.

The prizes include a Mercedes-Benz type 190sl roadster — the raciest, most elegant sports car to grace the American roadways; a luxurious full-length mink coat; a two-week Summer Heiress Vacation in the Bahamas, and a 16 foot by 32 swimming pool inspired by Esther Williams, furnished with everything you need for complete family pool enjoyment.

Other prizes include Lark Station Wagons, Mink Stoles, Dream Vacations, Lady Brunswick bowling balls, Royal Chef Grilles and My Sin Perfume.

And with this fabulous Brunswick-Bowlero presentation of Something for the Girls, we will teach you to bowl — FREE — for health, for enjoyment and for a glamorous silhouette.

All you have to do is cut out the Free Bowling Lesson coupon below, bring it in to us after Lemon Grove Bowlero's grand opening and register for your free instructions and free bowling.

You'll want to save this coupon and be among the first to become eligible for one of the more than 5,000 intriguing prizes you can win.

MAKE RESERVATIONS NOW!

There still are some choice times available for the coming season at the new Bowlero. Leagues, teams or individuals can insure the most desirable dates by calling HO 3-6691, or by pasting the form below on a post card and mailing it to Lemon Grove Bowlero, 7065 Broadway, Lemon Grove Calif.

Restaurants Rate High as Sanitary Survey Conducted

San Diego city and county restaurants have scored a new high in the State for restaurant sanitation says the San Diego Dept. of Public Health.

The State Dept. of Health inspected 20 percent of the restaurants in this county in May. It gave them the highest grade in nine years for restaurants serving a population of over 50,000. In the nine years that the State has been evaluating restaurants it has made 82 restaurant sanitation surveys in 37 different local health department jurisdictions throughout California.

The high restaurant sanitation score in San Diego County is important in the protection of the county's public health, the Dept. said. Good sanitation and sanitary practices in restaurants are an effective barrier against the spread of diseases.

Restaurant sanitation inspections are very thorough, the Dept. pointed out. Local restaurants were scored on dishwashing, foodhandling and their sanitary condition of equipment. Their methods of waste disposal, food storage refrigeration and insect and rodent control was also inspected. The inspection also covered employe habits in dress, smoking and washing of hands.

A perfect score in restaurant sanitation would be 100. The State commended San Diego County restaurants for raising their median score to 84 from an outstanding score of 76 two years ago. It credited the score to the team effort expended both by the restaurant owners and the San Diego Dept. of Public Health.

Mrs. James R. Carter

Carter-Sale Wedding Held in Valley Church

The First Baptist Church of Spring Valley was the setting Saturday for a double ring wedding ceremony which united a Spring Valley girl and a former Marine in wedlock. The bride is the former Beverly Sale, daughter of Mr. and Mrs. Arthur Sale of Valencia Dr., Spring Valley. The bridegroom is James R. Carter, son of Mrs. Eloise Denson of Ft. Worth, Texas.

Rev. Ernest Nichols, former pastor of the Spring aVlley Baptist Church, performed the ceremony. The bride was given away by her father. Maid of honor was Miss Kathy Corliss; bridesmaids, Joan and Lavone O'Dell; best man, Melvin Rushing; ushers, Jim Johnson and Larry Lipska; ring bearer, George Wallace; flower girls, Debbie Asch and Sharon Wallace; pianist and organist Mrs. C. R. (Luella) Schultz, sister of the bride; and soloist Jack Thomas.

The bride's gown was a nylon lace dress with long sleeves. Her tiara carried a shoulder-length veil. She carried a bouquet of white carnations. Her maid of honor and the two bridesmaids were dressed in blue and carried white carnations. The two flower girls were dressed in pink.

The reception was held in the church hall for over 150 guests. After a short honeymoon in the Los Angeles area, the newlyweds will live temporarily in Spring Valley. The new Mrs. James Carter is a 1959 graduate of Mt. Miguel High School. The bridegroom attended school in Ft. Worth and served two years in the U.S. Marine Corps. He now is a real estate salesman.

Guatemalan Girl To Help Church With Program

Miss Lydia Jones, a native Guatemalan, will arrive this weekend to assist with music and Bible stories for the Friends Community Church's Vacation Bible School which begins Monday and will continue through August 21. Miss Jones has been a children's worker for many years.

The Vacation Bible School will be held Mondays through Fridays, 9 to 11 a.m. This year's theme will be "Get Into Orbit" and there will be Bible stories, singing, handcraft and games. All children from primary through junior ages are invited. If anyone needs transportation, please call Mrs. Nell Austin at HO 6-5460.

At the Sunday morning services a further study of First Corinthians, Chapter 13, will be the highlight of the service. In the evening a series of biographies of Central American Christians will be studied.

The Lemon Grove Woman's Club will hold a dessert luncheon and card party on Tuesday August 18, at 12:30 p.m. at the clubhouse, 2810 Main St., Lemon Grove.

Mrs. Robert Ball is the chairman, assisted by the following club members: Mrs. E. L. Du Chemin, Mrs. J. Tom Mitchell, Mrs. Thomas Duffner, Sr., Mrs. L. F. Vlach, Mrs. Wm. Bowlin, Mrs. Roe Rogers, Mrs. D. D. Lairsey, Mrs. Randolph Morse, Mrs. Edwin Koester, Mrs. Charles Reever, Mrs. James Sharp, Mrs. Hal Crow and Mrs. Walter Shimp.

Reservations may be made by calling Mrs. Ball at HO 9-7679 or Mrs. Vlach at HO 6-4478.

Wood Particles Can be Used As Soil Mulches

Can wood shavings, sawdust and bark fragments be used as substitutes for various types of peats and mosses in the soil?

The answer is, "Yes, if properly handled," reports Farm Advisor Seward T. Besemer of the University of California. He points out that these wood leftovers are being used in soil mixes—usually for growing of plants in containers, as soil amendments in field operations, and as mulches. Although most such materials are non-toxic to plants, the wood and bark of walnut and cedar are two exceptions and should be avoided.

Farm Advisor Sew ard Besemer and Roy L. Branson, soils and water specialist of the University, point out that generally there is not enough nitrogen in soils to supply the needs for decomposition of the wood material plants will suffer unless additional nitrogen is added.

While the amount of nitrogen ing plants. This means that the and also the needs of the grow- required will vary somewhat with the type of wood or bark added, about one pound of actual nitrogen per 100 pounds of dry wood or bark fragments generally will be sufficient. Preferably, the nitrogen should be divided and put on in three or four applications.

Because of their relatively low cost these wood fragments are being used in increasing amounts, says Besemer.

☆ Few families understand how hard it is for the old man to pay the family bills.

Backstroke Title Up for Swimmers At del Pacifico

Men's Junior National 200 yard backstroke swimming championship of the United States will be decided at the 4th annual Fiesta del Pacifico swimming and Diving Championships to be held at Mission Beach Plunge on Aug. 21 and 22.

The titular event was awarded to the Pacific Southwest A.A.U. Association at last year's National A.A.U. Convention. Swimmers are expected to come here from all over the country to vie for this championship and, while here will also compete in many other events on the two-day aquatic program.

Heats and finals of the backstroke race will be held on the first evening Aug. 21 with events due to start at 8 p.m. Entries for both adult and age-group divisions of the swim meet close on Oug. 12 at the City Aquatic offices on Santa Clara Point.

Area Beauty College To Open This Month

East county's first beauty college will open August 17 when the James Hall College of Beauty starts operation in La Mesa at 8127 La Mesa Boulevard.

The college will have three instructors according to Hazel Meyers of Lemon Grove, who is the school's registrar. James Hall, operator of a beauty school and a beauty shop in downtown San Diego, is owned of the new college. Mrs. Hirma Corby is supervisor and in charge of the senior department. Mr. Jesse Cockrum is in charge of the freshman department.

Both men and women will be trained to a point where they will be eligible to pass a state examination to become a licensed hair dresser and cosmetologist. Training will be at both the practical and theoretical levels.

State law requires that not less than nine months of training consisting of 1,600 hours of applied effort be taken in order to qualify for the examination.

The school's capacity is unlimited although personalied training is given each student.

HIAWATHA AND HIGH BOARD — Denny Yale and Stan Rose rehearse comedy routine which will be part of the third annual Carman Ranch Club water show, scheduled for Thursday and Friday of this week. Water show, with "Hiawatha" theme, is to start at 8:30 p.m. Indian princesses will range in age from 5 on up. There will be celebrating in the villages, and all sorts of fun. Proceeds from sale of tickets is slated for support of the club's swimming team.

Local Gridiron Stars Signed for Aztec Bowl

Gerald Lipscomb, 1958 graduate of Mt. Miguel High School, has been named one of San Diego County's backfield stars who will play in the 11th annual Southern California Prep Charity Football game August 26 in Aztec Bowl.

Largest lineman in the group is Carl Schroeder, Mt. Miguel's All-Metro League offensive tackle of last season, at 6 foot 4 inches and 240 pounds. Smallest is Albert Belmontez, All-Metro League defensive guard choice from Sweetwater, who is 5-7 and weighs 170.

Lipscomb stands three quarters of an inch iver six feet tall and weighs 185. There will be 30 players on the squad of outstanding graduated seniors of the 1958 season who will be pitted against a similar team from Los Angeles.

The Mt. Miguel players will be in fast company. One of San Diego High School's great prep athletes of all time, Quarterback Ezell Singleton, also will be on the team.

Singleton tossed 28 touchdown passes for 1,711 yards and gained another 500 yards rushing for the Hillers last fall to gain both All-Southern California and All-America prep laurels.

Also slated to report for practice Monday, August 17, under Coaches Bob Embrey of Escondido and Benny Edens of Point Loma High School are a dozen other backfield standouts on local gridirons last year.

They include Gary Mayer, Ramona High's husky halfback and the CIF's leading scorer with 193 ponts in 12 games; Mike Fogelsong, Metro League Player of the Year from Sweetwater who avenged 6.4 yards a carry; and scatbacks Clarence Adams of St. Agustin, eKn Griffin of Kearny and Arnold Tripp of Crawford.

The 30-player San Diego County squad will be housed and train at San Diego Marine Corps Recruit Depot.

Coaches of the All-Los Angeles are Bob Beck (University High) and Gordon Wells (Narbonne High, Lomita, Calif.). Their squad will conduct practice at San Diego NTC.

Lemon Grove Man Named Soldier Of the Month

FORT HOOD, Tex. (Spcl.)—Army Specialist Four Stephen G. Griggs, 21, son of Mr. and Mrs. Charles B. Griggs, 7575 Central Ave. Lemon Grove, recently was named Soldier of the Month for the 2d Armored Division's Combat Command A at Fort Hood, Tex.

Specialist Griggs, an equipment operator in Headquarters Company of the command's 17th Engineer Battalion, was selected for his soldierly appearance, knowledge and performance of duties and military courtesy.

He entered the Army in 1954 and was last stationed in Hawaii. Griggs attended Helix High School.

Youths Fined For Possessing Firecrackers

A Spring Valley youth and two Las Mesans were fined $100, with $60 suspended, last week on charges of possessing firecrackers in San Diego.

Municipal Court Judge John Brennan issued the sentence.

The youths, Philip Wallace, 19, of 8989 Lamar St., Spring Valley; Richard Henderson, 20, La Mesa, and Alvy Harper, 22, La Mesa, were accused of having tossed lighted firecrackers at two elderly women walking at the corner of El Cajon Boulevard and Central Avenue on June 7.

Screening Proves Effective Control Of Poultry Flies

Screening the entire exterior has proved itself as one way of controlling flies around open-type poultry houses.

"Covering the sides of open poultry units with screen wire is economical, permanent and not hard to do. The important thing is to make a house truly flytight, with no gaps anywhere that allow flies to get in and out. Dust accumulates on all screens to a varying degree," says Farm Advisor Robert Adolph.

A variety of screening materials is available in the recommended 14 by 18 mesh. Galvanized iron rates as the cheapest but least durable. It should not be used in corrosive atmospheres.

Aluminum screen is durable but it corrodes in salty atmosphere. With this type, the interior of the house is brighter than from other types.

Copper rates as the most durable of all types and especially useful in corrosive atmospheres. It is costly.

Plastic screens also have proven durable. Their elasticity makes them reasonably puncture-proof.

Drugs are not a substitute for poultry practices in preventing and controlling coccidiosis of poultry, according to Adolph. Birds raised on litter are more often affected than birds raised on wire.

Adolph points out that diagnosis by a veterinarian, such as is available at the San Diego County Livestock Department, 4005 Rosecrans St., is necessary should birds appear to be infected. Suggestions made by the veterinarian making the diagnosis should be followed. Drugs such as sulfaquinoxaline are often recommended and provide effective control. Rates and methods recommended by the manufacturer of the particular drugs suggested should be carefully followed.

Adolph cautions that other practices should also be followed such as clean up of wet spots in the litter. Moist poultry litter should be stirred and/or removed to slow down the production of the disease producing organisms. More information on coccidiosis and other disease problems are avaliable upon request to the Farm Advisor's Office, Bldg.. 1, 4005 Rosecrans Sfreet, San Diego 10.

Outdoor Surveyors Seek Out Dobbin, Count Noses

Got a horse?

The California Public Outdoor Recreation Plan Committee started counting them last Saturday.

The committee is looking for Old Dobbin and his relatives and will tally them county by county throughout the state.

It's all part of a survey to review all factors affecting recreational activties such as camping, swimming, boating, fishing, hunting, riding, hiking, sightseeing and winter sports.

Mt. Miguel Photog To Attend Sports Assn. Workshop

Corey Stepek, member of the Scholastic Sports Association and staff photographer on the Mt. Miguel High School student newspaper, El Trovador, has been selected to attend a special workshop at Cal Poly college at San Luis Obispo from August 9 through August 21.

The workshop primarily is for high school and junior college coaches, but a special division in public relations and journalism is open to sports photographers, reporters and editors on student newspapers.

Baptist Church Notes

Vacation Bible School at the Casa de Oro Baptist Church started Monday and will continue through Friday. A demonstration program will be held Friday at 7:30 p.m. and all parents and friends are invited, says Rev. Ernest Anderson.

The boys and girls are having a wonderful time this week with the "Ranch" program, Rev. Anderson remarked. Many things are being enjoyed: Bible lessons during "campfire" time; singing during "guitar" time; games during "rodeo" time; memory work during "lariat" time; food at "chuckwagon" time; and handcraft during "blacksmith shop" time. There will be a display of handcraft workbooks and diplomas at the Friday program.

Rev. Anderson said, "We are grateful as a church to have had the privilege of ministering to the boys and girls of our area. Next year with enlarged quarters we hope to be a blessing to many more. We wish to express our thanks to the parents for their wonderful cooperation."

Camp time is just around the corner Rev. Anderson pointed out. Senior High camp school starts at Lake Hume Saturday of this week. Several youths from the Casa de Oro Baptist Church will be attending, and will go by chartered bus. Junior boys and girls as well as Junior High youth camps, will all be held at Forest Home during August, and several have signed up to go.

Spring Valley Junior High PTA Names New Chairmen

Mrs. Earl A. Casner, recently-elected president of Spring Valley Junior High School PTA, has announced the following appointments to carry on activities for the new year beginning in September. Area Representatives are Mrs. Howard Skinner, Bancroft; Mrs. Byron Pogue, Casa de Oro; Mrs. E. Karlsgodt, Lemon Avenue; Mrs. Michael Brown, Northmont; Mrs. David Archibald, Grossmont; Mrs. George Cobb Jr., Mt. Miguel; Mrs. Woodrow Fritz, Spring Valley Elementary; Mrs. Robert Vaughn, La Mesa—Spring Valley School Board; Mrs. Henry Evans, Grossmont School Board; Mrs. J. Bew, La Mesa-Spring aVlley C.A.C.; Mrs. Horton Hodgson, Grossmont C.A.C.

Summer PTA activities will continue with a board meeting on the second Wednesday in August.

Thomas Bagur Services Held

Funeral services were held Tuesday in Conrad's Lemon Grove Mortuary for Thomas J. Bagur, 55, a factory representative for mens sports clothes, who died Friday at his home, 3576 Sweetwater Rd., Lemon Grove.

He had been a resident of the county for 20 years.

Survivors include his widow, Evelyn of Lemon Grove; one son, four grandchilden, two sisters and one brother, all of New Orleans.

Square Dance News . . .

MERRY WHIRLERS

Ed Bense of El Cajon recently was elected president of the Merry Whirlers square dance club, which meets in the La Mesa Junior High School. Other officers elected were: Harve Holcomb, vice president; Jessie Porter, secretary; Janet Sauer, treasurer; Betty Ware, publicity chairman; Thelma Walton, publications chairman; and Pauline Scott, program chairman.

The Merry Whirlers will be dancing Friday night at the LM Jr. High School, 8 to 10:30. Admission $1 per couple. There will be door prizes and refreshments. Ron East will be club caller. All members and guests welcome, says publicity chairman Betty Ware.

The recent picnic held at Lindo Lake Park was a big success, Betty Ware said. Ron East will be caller for a big dance to be held in Oceanside August 13. All of Ron's club members will be admitted free. Everyone is encouraged to attend says Ron.

PROMENADERS

Emil and Bertha Gelinas wish to thank all the square dance clubs in the Heartland area for being so pleasant and friendly to them while they were representing the Promenaders as Heartland Couple of the Month for July. They enjoyed visiting all the clubs and thank all for such wonderful hospitality.

Frank Dyson was club caller at the Promenaders' July 29 dance. He was assisted by guest caller Al Ryder. It was an "all request" night.

FRONTIER SQUARES

Frontier Squares had a regular monthly board meeting Tuesday at the home of the club's president Bernice and Jerry Leslie. The meeting was mostly devoted to plans for eventful forthcoming dances. Their Aug. 22 party night promises to be a "challenge" for all dancers as Frontier's "Wild Bill" calls an evening of "Hot Hash."

Committees also were named at this meeting to immediately put into effect plans to assure an extravagant evening on Sept. 26 when this club will sponsor it's 6th "Presidents' Ball." This is the event where Frontier Squares is honored by hosting each of the presidents from all of the square dance clubs. Since this is a limited ticket sale dance, reservations should be made well in advance. Call CO 4-1483 or CO 4-4963.

The club's regular dance will be Saturday, Aug. 8, with workshop from 8 to 8:30 and with dancing until 11 p.m.

COUNTRY COUSINS

Country Cousins welcomed back that merry man of the mike, George Vagtborg, who has been enjoying a long vacation. We are happy to hear his voice calling our alemands again. He made our dance Saturday nite very enjoyable in spite of the heat.

Beginners' class is drawing nearer—Date September 14, instructor Ray Columbe.

Lions Win Again, Top Minor League

The Lions, winner of the 1958 Lemon Grove Minor Little League championship, walked off with the 1959 championship last week by topping the league in percentage won.

A campout was held last weekend at "Pair-of-Dice" camp for the champs and their parents.

Lions team members are David Lower, Paul Menard, Mike Bugel, Bruce Johnson, Bob Kotnik, Jimmy Devin, Steve Porter, Leonard Wingo Jr., Billy Sovey, Lee Davis, Howard Wollitz, Dain Demaree, Bobby Eveland, Paul Ralston and Norman Wiese. Sherman Menard is manager and Ray Devin is coach.

LUTHERAN WOMEN TO MEET TUESDAY

The August meeting of the Lemon Grove Lutheran Women's Missionary Federation, which will be held at the church next Tuesday at 7:30 p.m., will feature the showing of the film "Outpost in the Andes." Preceding the film will be a brief explanation by Mrs. C. L. Waterman of the work done by Lutheran World Action.

Once Over Lightly

By Don Wilson

When we moved into the house, we admired the strange cactus growing outside the kitchen window.

But now we are living in the shadow of a growing fear. Every day when I come home from the office I rush out to look at the cactus — or whatever it really is — even before I kiss the wife and kids hello.

We admired the thing when we moved into the house. It's one of those cactuses that grow along a wall, with lots of long, spidery arms that reach out in all directions. And each of the arms has lots of tiny little fingers that look like spiders' legs.

I suppose it wouldn't be so bad if the darned thing were in some isolated spot where it never got any water. But it isn't. It's at the corner of the house where we have a fern and a night-blooming jasmine (Did you know that night-blooming jasmines are romantic? When the sun sets and the dew falls, the jasmine sends out a seductive perfume that creeps in through the windows and . . . but back to the cactus).

We have to water the plants frequently, and this has a devastating effect on the cactus.

It makes it grow.

But it doesn't just grow bigger.

It is growing only on two of its arms, and these two arms apparently are trying to get in through the kitchen windows. There are two arms, and two windows.

These long, spiny arms have soft tips that sort of squish around corners. One of the arms grew up to the edge of the window glass and then started feeling its way up the glass. In just a month it has grown nearly two feet.

As I write this it has grown clear up to the top edge of the window and has sent those little spider-leg feelers out in all directions.

Katy, our nine-year-old daughter, looked at it last night and shuddered.

"They ought to make it the star of a horror movie," she said.

Wife Paula spoke up: "They could call it 'I was a Teenage Cactus,'" she said.

But I'm not going to sit idly while this sinister cactus invades my home. I'm going out this weekend with an axe and I'm going to chop that cactus down just like Jack chopped down the beanstalk.

No cactus is going to run me out of my home.

RAIN IN THE FOREST — In 1926, Rancho Santa Fe architect Alberto Treganza planted a Brazilian Pepper Tree in the back yard of his Lemon Grove home, now the front yard of the home of his daughter Mrs. Lloyd Adams. The tree has become, reportedly, the largest such tree in the county. Dr. and Mrs. Adams have hung ferns and other plants from the twisted branches of the tree and have planted other flora underneath. Here, the afternoon sun shines through the mist of a spray which waters the tree.

State College Creates Seminar For Institute of World Affairs

Creation of an international advisory board and a related graduate seminar for San Diego State's 17th annual "Institute on World Affairs," to be held August 10-28, has been announced by Institute director Minos D. Generales, professor of political science.

Generales said the program, which began as a one-week lecture series in 1942, is now broader in scope, longer in duration, and larger in number of speakers than any similar program in the country.

He said that the Institute's new advisory board will be made up of institutions and individuals on the international, national, and local levels. The board now includes the universities of Stockholm, Vienna, and Madrid; Eccles des Hautes Etudes Sociales, Paris, France; and local chapters of the League of Women Voters, the American Association for United Nations, and the Phi Delta Kappa, national education fraternity.

It also includes Irving Salomon, member of the United States delegation to the United Nations; George Scott, president of Walker Scott Co., San Diego; and Anderson Borthwick, president of the First National Trust and Savings Bank of San Diego.

Generales said advisory board members will be available to the Institute staff for consultation.

The graduate seminar, another new feature, will be conducted by Dr. Richard C. Gripp, assistant professor of political science. It will be offered for three units of graduate credit in political science. Students will attend all Institute sessions as well as seminar meetings, which Institute speakers will visit whenever possible. In addition they will do research and reports.

All sessions of the Institute itself are open to the public without charge. The entire series may be taken for three units of undergraduate credit.

The theme of the 1959 Institute will be "World War III, the 'Silent' War." More than 33 diplomats, scientists, military leaders, and other experts will serve as speakers and panelists, examining political ,emotional, intellectual, economic, and military aspects of the topic.

Speakers will include Adm. Herbert G. Hopwood, commander in chief of the United States Pacific Fleet; Alexander Kerensky, prime minister of Russia during the October Revolution; His Excellency, R.S.S. Gunewardene, ambassador to the U.S. from Ceylon; Dr. Miloslav Rusek, ambasasdor to the U.S. from Czechosolvakia; His Excellency, Nadim Dimechkie, ambassador to the U.S. from Lebanon; His Excellency, Dr. Mokieddine Fekini, ambassador to the U.S. from the United Kingdom of Libya; and Dr. Hilton P. Goss and staff from the Technical Military Planning Operation, General Electric Co., Santa Barbara.

Generales said discussions will be based on the assumption that World War III is not a military conflict to be anticipated as in the past, but that it is now being waged—that the classic adage, "War is the continuation of politics by other means," has been inversed to, "Politics is the continuation of war by other means."

Discussing the advisory board, Generales said, "This is the beginning of a unique association on the inter-cultural level wherein we hope to establish closer ties with people of varying societies and idealogies.

"We believe that the Institute, which up to now has been an annual program of an informative and interpretative nature, can serve as a clearing house for expert opinion in various parts of the world in times of international crisis.

"It is anticipated," he said, "that the Institute will be able to present its findings in published form."

Generales is serving his eighth year as Institute director. A specialists in international relations and law, he served with the American Embassy in Madrid during World War II and before joining the San Diego State faculty in 1949, taught at Boston University.

PICTURE TALK

by Bob Vaught

ELECTRIC EYES HAVE IT

We can't remember anything that has caused so much excitement in the photo world as the amazing gadget everybody is calling an "electric eye."

What's an electric eye, you ask? Well, it's actually a very sensitive photoelectric cell that's built into many of the newest cameras. it converts light into electric energy which sets the camera lens for the correct exposure.

Bob Vaught

Naturally, varying amounts of light create varying amounts of energy. Pres to: different lens settings to match the existing light condition.

While doing all this amounts to a full-time job for the electric eye, the end result for you is simplicity itself. All you have to do is frame your action in the viewfinder and press the release. Your exposure is set—automatically.

Kodak has packaged this particular brand of automation in a variety of ways. One of them is the new Brownie Starmatic—the lowest-priced electric-eye camera of 'em all—just $34.50. Takes color slides, color snapshots and black-and-whites. All you have to do is aim and shoot. The trusty electric eye keeps the exposure right on the nose in any kind of light.

If your taste runs to movies, come on in and take a look at our selection of Automatic Movie Cameras too.

CONTROLS URGED

SAN DIEGO (CNS)—A county study of controls over swimming pools in unincorporated areas was approved Tuesday by the County Board of Supervisors. The Board was asked by Mrs. E. C. Brown, Spring Valley, to initiate some laws for the protection of children using private swimming pools. Deputy County Counsel Robert G. Berrey said no county ordinances control such pools, and the Board voted to ask the public works department to make a study.

WATCH FOR FAKES

Watch out for merchants who promote fake "Selling Out" or "Going Out of Business" sales, the San Diego Better Business Bureau warns. Often these are just schemes to sell inferior merchandise at great profit.

LET US ALL PRAY TOGETHER AS A FAMILY

"CITIZENSHIP"

To be a Protestant we must know the Word of God. This is the great emphasis in our Vacation Bible Schools. The Word must find a place in our hearts and minds so that we can live our faith.

God speaks to us through His Word. Your child will grow in this knowledge in any good Vacation Bible School.

Washington Report

By Your Congressman
JAMES B. UTT

For some time I have been torn between two admonitions of significant virtue; one by my father when he said, "Son, if you can't speak well of someone, don't speak at all," the second one by Abraham Lincoln when he said, "To keep silent when one has the duty to speak out is a sin." Believing that tolerance can be a sin as well as a virtue, I have resolved this dilema by accepting the Lincoln doctrine as a responsibility of the highest magnitude. There is always a straw which breaks the camel's back and a catalyst which sets off a mental or physical explosion.

The catalyst in this case was the undignified performance of Chief Justice Earl Warren at a Sunday evening cocktail party in which he called Earl Mazo "a damned liar" when Mazo denied that in his new biography of Vice President Nixon he was spotlighting Nixon at the expense of the Chief Justice. Mazo asked the Chief Justice if he had read the book. The Chief Justice replied "No," and Mazo's rejoinder was, "I hope to God for the sake of the country that your decisions based on much more full and accurate evidence than judgments on a book you haven't ever read."

This last rejoinder must have struck a tender spot, as it must be recalled that in the desegregation opinion which overthrew the fifty-eight year old Supreme Court doctrine, the Chief Justice, after citing certain authorities added, "And see, generally, Mydrad, Our American Dilema."

While I am opposed to segregation, I am unalterably opposed to having the Supreme Court rely upon sociology instead of legal authorities. The Swedish sociologist, Gunnar Mydral, in his book cited by Warren's opinion as an authority, also stated that the Constitution of the United States is "impractical and unsuited to modern conditions, and that its adoption was nearly a plot against the common people." What hogwash! What poppycock! And what a slander against our founding fathers! Any student of our Constitution should know that it was founded upon Judaic-Christian religion, with a profound reverence for the Greek philosophers, B.C., the Roman law, and above all, the Magna Carta of 1215, and the Common Law of England, and was beamed to protect and increase the freedom and dignity of the individual under a God-ordained universe.

At this point I wish to make it abundantly clear that I am not attacking the Supreme Court as an institution, but rather my remarks are leveled at the Members of the present Court and their sociological philosophies upon which they have based so many of their opinions, in some of the most amazing decisions ever handed down by that august body. Contrary to popular opinion, the Supreme Court rulings are in no sense the supreme law of the land. The supreme law of the land is referred to in an Article of the Constituition which does not even mention the Supreme Court at all.

Article III provides "The Judicial power of the United States shall be vested in one Supreme Court, and in such inferior courts as Congress may from time to time ordain and establish . . ." The judicial power is not indivisible. Article III, Section 2, says that "The Supreme Court shall have appellate jurisdiction, both as to law and to fact, with such exceptions and under such regulations as the Congress shall make." Congress, therefore, is given the sole right to divide this judicial power between the Supreme Court and the lower courts. The Constition and some of the Amendments are full of limitations upon the Supreme Court.

Article VI defines the supreme law of the land by saying, "This Constitution and the laws of the United States which shall be made in pursuance thereof, and all treaties made or which shall be made under the authority of the United States, shall be the supreme law of the land." You will note that the Supreme Court is not even mentioned in this definition. No federal court is given any authority under the Constitution to change it by a single word nor to evade it by subterfuge, and any attempt to do so is as unlawful as rape, and just as despicable, even though perpetrated by 'prima donnas.'

The Supreme Court has no authority to question the wisdom of any law. It can only determine its constitutionallity. It is an equal and coordinate Branch of our government, and therefore has no outhority to invade the jurisdiction of the Executive Branch, nor the Legislative Branch, and yet an examination of a score or two of the decisions of the present Members of the Supreme Court establishes a record of invasion upon the rights, duties, privileges, and immunities of the other two Branches. More than that, examination will prove that the Court has entered upon an attempt to repeal and rewrite many Articles and Amendments to the Constitution.

This duplicity is so outstanding that it come within the purview of Lincon's admonition that "to keep silent when one has a duty to speak out, is a sin." A partial list of these decisions and their effect upon our Constitution will be included in my next report. These decisions strike at the very heart of our government, and tend to destroy the right of the individual to have a voice in his government at the state and community level.

Hollywood Highlights

By Bob Turnbull

Cuban Ballerina **Mirta Pla** has returned to her home in **Habana.** She had danced as part of **Alicia Alonso's** troupe in **"Coppelia,"** a successful ballet held at the **Greek Theatre** in Los Angeles . . . For you Vegas visitors be sure and catch **Carol Channing** at the **Tropicana** and **Johnny Mathis** in the Copa Room of the **Sands Hotel** . . . and speaking of Sands, a young singer named **Tommy** exits Filmland near the end of this year to join the Air Force . . . **Miss Japan** is now **Miss Universe.** She's a pretty gal, too. But it's interesting to note that **Max Factor,** one of the pageant's co-sponsors, is opening up a multi-million dollar retail store in Tokyo shortly . . . **Robt. Q. Lewis** says kids who sit around the house all day are members of the seat generation.

HAMMER AND THE STEPPER

"Mike Hammer," popular TV detective, airs his new series in the Fall. Watch for a segment entitled "I Remember Sally," in which actress **Asa Maynor** portrays a strip-teaser named **Ginger Snap.** Asa, who dates **Edd "Kookie" Byrnes,** is also working in "Not For Hire" with **Ralph Meeker** at MGM . . . and speaking of **"Kookie,"** it looks as though Warner Bros. will give him his own series and "restaurant" in the '61 season . . . For those of you curious enough, dig page 45 of the September issue of **"Movie Mirror."** It's all about a party I co-hosted with actress **Marianne Gaba.**

THE LIFE OF CHRIST

The **Pilgrimage Play"** continues its popular run in the **Hollywood Hills** for another three weeks. It's the story of **Jesus Christ,** the **Lord** and **Saviour** of the **Christian** faith. Produced by **John Arnold Ford** and directed by **Leonard Penn** the play is bringing inspiration to countless thousands . . .Another tip-of-the-hat to **Jim Murphy,** Sales Manager of **City Chevrolet** who often assists me with transportation when in our big town . . . Overheard in a local dime store: "So this rich old type marries this young chick and now he doesn't know whether to take her on a honeymoon or send her to camp."

Until tomorrow, Vaya con Dios!

☆ Do you expect a mother to teach her children manners which differ from her own?

SIGNATURE BINDS

Unless you can actually prove deception, your signature is almost always binding on a contract, advises the San Diego Better Business Bureau. Never be so anxious to complete any transaction that you sign the papers "blind." Always read first.

Two Youths Held On Charge of Sleeping in Cars

Two Spring Valley youths were arrested Saturday on a complaint that they were disturbing the peace and sleeping in their automobiles in a vacant lot.

Mrs. William Booker, 9214 Kenwood Drive, Spring Valley, told Sheriff's deputies that the youths had been creating a disturbance by loud talking and slamming of car doors on the lot, which is next to her home.

Deputies said that when they investigated, they asked the youths—Danny Spangler, 19, and Jack Francis, 21—for permission to search their cars. The boys said "Okay," the deputies reported.

The search, they said, uncovered two daggers, a crossbow and bolt, two switchblade knives, one straightedge razor, three bayonets, "miscellaneous" pocket knives, one shotgun and one .22 caliber rifle.

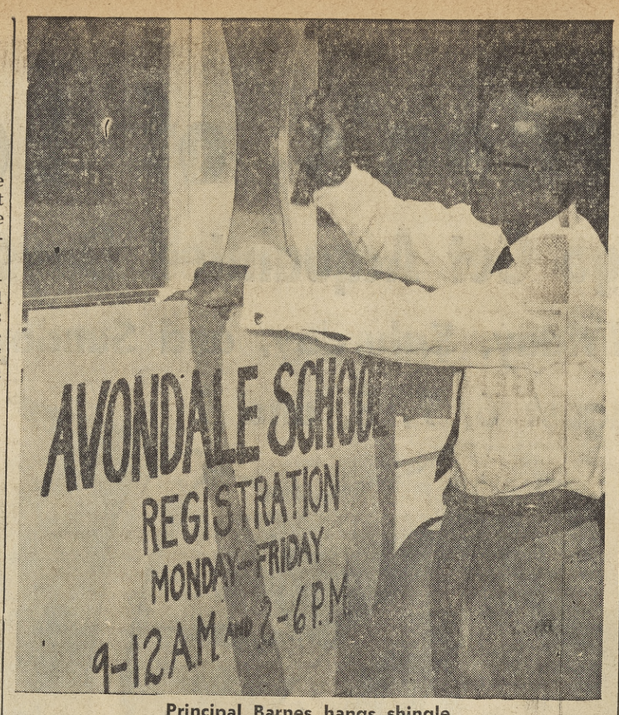

The youths were to appear in El Cajon Municipal Court Wednesday on the disturbance charge.

Monday night, Mrs. Booker lodged a second complaint with the sheriff's deputies.

Somebody, she said, threw a homemade gasoline bomb on her front lawn. Deputies said that it was made of a half-pint jar filled with gasoline, with a rag for a wick. The bomb was turned over to the Spring Valley Fire Department.

INVESTIGATE

Before you give to a charity—investigate. Your San Diego Better Business Bureal warns that charitable solicitations often net a great deal for the promoter and little for the charity. When in doubt telephone the bureau, BE 3-7711.

Registration Opens For New SV School

Principal Donald R. Barnes of the yet-to-be-completed Avondale School, 8401 Stansbury St., Spring Valley, is getting set for advance enrollment next week, Monday-Friday, in a garage at 1214 Elkelton, Spring Valley. The garage is at a home in Spring Valley Estates area, damaged June 15 by a runaway earth-moving machine.

Barnes and Keith Dolan, principal of the Spring Valley Junior High School, will be taking sign-ups for children from kindergarten through eighth grade in the area who will either be attending the Avondale School when it is completed or the junior high.

Until the new school is ready for occupancy, expected in mid-December, pupils will be assigned to classrooms at five other schools in the district—Casa de Oro, Bancroft, Spring Valley, La Mesa Dale and Lemon Avenue. Students will be notifed by postcard of room assignments and will be advised on bus transportation arrangements.

The attendance area for the school, Barnes said, is bounded on the north by Vernier Drive and A Street, on the east by Sweetwater Lane, Leland Street and Sweetwater Road, on the south by Saint George Street and portions of Sweetwater Road, and on the west by Washington Street and an area adjacent to Encanto.

Birth certificates will be required for first graders and kindergarten students.

SCHOOL TAX RATE TO BE LOWERED

SAN DIEGO (CNS) — The County Board of Supervisors on Tuesday approved reducing the tax delinquency factor from 10 per cent to 5 per cent for the La Mesa-Spring Valley School District, permitting the district to reduce slightly its tax rate for the 1959-60 fiscal year.

☆ A satisfied customer is one who insists that you are selling your stuff too cheaply.

☆ It will be bad for the internationalists if the United States runs out of money.

Convert an Expense to IMMEDIATE PROFIT!

BUILD FOR INCOME OR HOME ON YOUR
LAZY VACANT LOT/ IDLE YARD

STATISTICS PROVE: OWNING A HOME ON A LOW DOWN PAYMENT IS MORE PROFITABLE TO YOU THAN THE SAME MONEY TIED UP IN BANKS, LOAN COMPANIES, OR EVEN STOCKS. IF YOU BUY TO RENT, YOUR RENTAL INCOME WILL DEFINITELY EXCEED YOUR PAYMENTS...AND YOUR TENANTS ARE BUYING THE HOUSE FOR YOU, BESIDES! IF YOU BUY TO OWN, AND SOME DAY RESELL, YOUR HOUSE IS INCREASING IN VALUE EVERY WEEK, EVERY MONTH, EVERY YEAR. WHEN YOU ARE READY YOU SHOULD BE ABLE TO SELL AT A PROFIT GREATER THAN THE SUM OF THE HIGHEST INTEREST YOU COULD GET ANYWHERE.

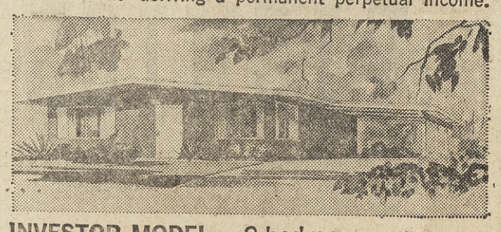

Robert "Cisco" Andrade, popular Southland boxer, has planned for the future by building a number of Harmony Homes for rental income. So well pleased is Mr. Andrade with his Harmony Homes that he is now building one for his Mother on the rear of her property which she will rent out—deriving a permanent perpetual income.

Only HARMONY HOMES

AREA NO. 71
SPRING VALLEY SANITATION DISTRICT
MT. VERNON STREET et al.
NOTICE OF FILING OF ASSESSMENT AND OF TIME OF HEARING
Assessment No. 75

NOTICE IS HEREBY GIVEN:

That the Superintendent of Streets of the SPRING VALLEY Sanitation District, pursuant to the Improvement Act of 1911, has filed with the Secretary of said Sanitation District an assessment, with diagram attached, to cover the sum due for the work performed and specified in the contract, including all incidental expenses, for the construction of sewers, manholes and appurtenances in MT. VERNON STREET, et al. in the SPRING VALLEY SANITATION DISTRICT, Area No. 71,

all as more fully set forth in the Resolution of Intention adopted August 19, 1958, by the Board of Directors of the Spring Valley Sanitation District, hereinafter referred to as the Board of Directors, to which Resolution of Intention reference is hereby made;

That the 18th day of August, 1959, at 11:00 o'clock a.m., in the chamber of the Board of Directors of the Spring Valley Sanitation District, Room 310, City and County Administration Building, 1600 Pacific Highway, San Diego, California, is hereby fixed as the time and place when any and all persons interested in said work or said assessment may appear and be heard by said Board of Directors. Any person feeling aggrieved by any act or determination of the Superintendent of Streets or Engineer in relation to said work or assessment, or who claims that the work has not been performed according to the contract, or who claims that any portion of the work was omitted or illegally included in the contract, or having any objection to the correctness of the assessment or diagram or other act, determination or proceedings of said Superintendent of Streets or Engineer shall, prior to the day fixed for said hearing, appeal to said Board of Directors in the manner provided by law by briefly stating in writing the grounds of appeal. Such appeal must be filed in the office of the Secretary of said Sanitation District prior to the day fixed for said hearing.

Dated: July 14, 1959
HELEN KLECKNER
Secretary of the Spring Valley Sanitation District, Room 306, City and County Administration Building, San Diego, California.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

9912 Campo Rd.
Spring Valley

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license (or (licenses) for these premises as follows:

On-Sale Beer & Wine
(Bona Fide Public Eating Place)

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

NETTIT E. and
RAYMOND L. RASMUSSEN

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION
(La Presa Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, August 18, 1959, at 11:00 a.m., in Room 310 San Diego City and County Administration Building, Civic Center, San Diego California, on the application of Ernest J. Billman for an amendment to the Zoning Ordinance (County Ordinance No. 1402 (New Series)) to change the zone classification of the following-described property within District No. 15, La Presa Section, San Diego County, from E-1 Zone to R-1-A Zone:

All of that portion of Quarter Section 26 of Rancho de La Nacion according to the Map thereof No. 166 made by Morrill and filed in the office of the County Recorder of said County May 11, 1869, described as follows:

Beginning at the Southeast corner of said Quarter Section 26; thence North 18°11'10" West along the Easterly line of said Quarter Section 26, a distance of 2639.32 feet to the Northeast corner of said Quarter Section 26, thence South 71°17'00" West along the Northerly line of said Quarter Section 26, a distance of 300.00 feet; thence South 18° 11' 10" East parallel to the Easterly line of said Quarter Section 26, a distance of 660.00 feet; thence South 71°48'50" West 250.00 feet; thence South 22°51'20" West 325.00 feet; thence South 18° 11' 10" East 145.00 feet; thence South 12° 51' 20" West 210.00 feet; thence South 22°38' 40" East 1160 feet; thence North 86°51'20" East 200.00 feet; thence South 27°08'40" East 194.00 feet more or less to the Southerly line of said Quarter Section 26; thence Easterly along said Southerly line 558.00 feet more or less to the point of beginning.

The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended that said application be granted.

For further details, reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 306 of said San Diego City and County Administration Building.

R. B. JAMES,
County Clerk
and ex officio Clerk of the Board of Supervisors
By M. E. Miller, Deputy
S.V. Bulletin—August 6.

NOTICE OF PROPOSED ANNEXATION TO THE SPRING VALLEY LOCAL FIRE DISTRICT

NOTICE IS HEREBY GIVEN that on May 12, 1959 a petition was filed with the Board of Fire Commissioners of the SPRING VALLEY LOCAL FIRE DISTRICT praying for the annexation of the territory hereinafter described to said district.

NOTICE IS FURTHER GIVEN that said board has fixed August 12 1959 at 8 o'clock p.m. in its office at 8853 Troy Street, Spring Valley, California, as the time and place for hearing said petition. All persons interested in or affected by such change in the boundaries of said district may appear and show cause why the change should not be made.

The names of the petitioners in said petition are as follows:

1. Elcamesa Corporation, By L. H. Konnik, Vice-President, By Arnold Dahl, Secretary.

2. Mountain Meadows Company. By: Teebird Construction Co., by L. O. Townsend, Vice-President; By Arlette Land Company, Inc., by L. O. Townsend, Secretary-Treasurer; By Cottontail Contruction Co., by L. O. Townsend, President.

The territory described in said petition is located, bounded and described as follows:

All that unincorporated area in the County of San Diego, State of California, described as follows:

1. Beginning at the Southeast corner of Helix Vista Unit No. 1, according to Map thereof, No 3731, filed in the office of the County Recorder of said San Diego County, October 15, 1957;
2. thence along the boundary of said Helix Vista Unit No. 1 North 00° 08' 00" East, 627.03 feet;
3. thence continuing along said boundary, North 88° 56' 00" West, 1349.60 feet;
4. thence continuing along said South 00° 23' 30" East, 619.01 feet to the Northwest corner of Helix Vista Unit No. 2, according to Map thereof, No. 3993 filed in the office of the County Recorder of said San Diego County, October 17, 1958;
5. thence along the boundary of said Helix Vista Unit No. 2 South 00° 23' 30" East, 726.55 feet;
6. thence continuing along said boundary South 89° 10' 30" East, 1337.17 feet to the Easterly line of the Northwest Quarter of the Northwest Quarter of Section 34, Township 16 South Range 1 West, San Bernardino Base and Meridian;
7. thence North 00° 08' 00" East along said Easterly line to the point of beginning.

Dated: July 17, 1959.
By order of the Board of Fire Commissioners of the SPRING VALLEY LOCAL FIRE DISTRICT.
MRS. C. E. PENNICK,
Secretary
SV Bul July 23, 30 & August 6, 1959.

Anti-Trailer Park Move Abandoned

SAN DIEGO (CNS) — An attempt to forestall construction of a trailer park on Jamacha boulevard in the La Presa area has been dropped, the County Board of Supervisors was informed Tuesday.

The request of the Sweetwater Spring Ranch Co., for interim zoning for 100 acres on both sides of Jamacha Boulevard has been withdrawn. The Sweetwater Spring Ranch Co., purchaser of a large tract from Fred Hansen, at the Supervisors' meeting of July 21 asked for the interim zoning for single family residences to prevent a trailer park planned by Pat Hart, of Chula Vista.

The withdrawal of the request for the interim zoning was made on the grounds that a master plan for the area is to be presented later.

Re the Proposed Annexation to the Spring Valley Sanitation District
RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE SPRING VALLEY SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Austin, seconded by Supervisor Bird, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County;

WHEREAS, ERNEST J. BILLMAN the owner of certain property in unincorporated territory of the County of San Diego contiguous to the SPRING VALLEY Sanitation District, has requested this Board (Document No. 266141) to annex said property to said Sanitation District under the provisions of the County Sanitation District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 265343); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 266142); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That is is the intention of the Board of Supervisors of the County of San Diego to annex to the SPRING VALLEY Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that unincorporated territory in the County of San Diego, State of California, being a portion of Quarter Section 26 of Rancho De La Nacion, in the County of San Diego, State of California, according to the Map thereof No. 166 made by Morrill and filed in the Office of the County Recorder of San Diego County, May 11, 1869 lying within the following described boundary:

1. Beginning at the Southeast corner of said Quarter Section 26;
2. thence North 18°11'10" West along the Easterly line of said Quarter Section 26, a distance of 2639.32 feet to the Northeast corner of said Quarter Section 26;
3. thence South 71°17'00" West along the Northerly line of said Quarter Section 26, a distance of 300.00 feet;
4. thence South 18°11'10" East parallel to the Easterly line of said Quarter Section 26, a distance of 660.00 feet;
5. thence South 71°48'50" West 250.00 feet;
6. thence South 22°51'20" West 325.00 feet;
7. thence South 18°11'10" East 145.00 feet;
8. thence South 12°51'20" West 210.00 feet;
9. thence South 22°38'40" East 1160.00 feet;
10. thence North 86°51'20" East 200.00 feet;
11. thence South 27°08'40" East 194.00 feet more or less to the Southerly line of said Quarter Section 26;
12. thence Easterly along said Southerly line to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 18th day of August, 1959, at the hour of 11:00 o'clock a.m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the Spring Valley Bulletin, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, and in said Sanitation District.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 14th day of July, 1959, by the following vote:

AYES: Supervisors Gibson, Bird, Dent, and Austin
NOES: Supervisors None
ABSENT: Supervisor Howell

STATE OF CALIFORNIA,)
) ss.
COUNTY OF SAN DIEGO,)

I, R. B. JAMES, County Clerk of the County of San Diego, State of California, and ex officio Clerk of the Board of Supervisors of said County, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting thereof, at the time and by the vote therein stated, which original resolution is now on file in my office; that the same contains a full, true and correct transcript therefrom and of the whole thereof.

Witness my hand and the Seal of said Board of Supervisors, this 14th day of July, 1959.

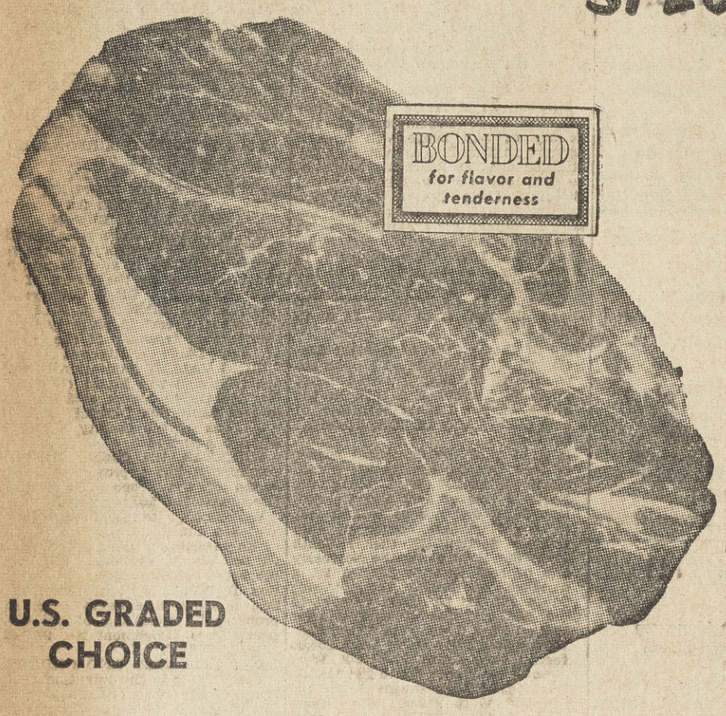

R. B. JAMES, County Clerk
and ex officio Clerk of the Board of Supervisors
(SEAL)
By Sara Drew, Deputy
S.V. Bulletin,—July 30 & August 6.
